Suggestions and comments:
<p>The suggestions made after the former 2016 ICM Meeting were all taken into account and the 2017 ICM Meeting edition was considered of great interest and importance.</p> <p>The simultaneous attainment of the 2017 ICM Meeting and the 2017 IPB Erasmus Week was also considered of great interest and success, enabling new international contacts between Partner and European HEIs.</p> <p>More specific meetings with different nationalities were suggested.</p> <p>Takin into account the impact and full success of the IPB ICM double diploma projects at master level, some Partners suggested new projects (and new funding opportunities) for the collaboration at research, involving Partner's PhD students.</p>
