Bragança, 8-12 April 2019

ERASMUS ICM

The major aim of the International Credit Mobility (ICM) project is the consolidation of the ongoing cooperation between the Polytechnic Institute of Bragança (IPB) and the Higher Education Institutions (HEIs) outside EU, particularly to promote student mobility for **double diploma** and staff development on the European **HE best-practices**, and to improve the management and operation of partner HEIs in **international relations capacities**.

14th May, 14:30 Research workshops

The success of the **Double Diploma program** requires the promotion of a deep cooperation between the teachers and researchers of both institutions, through the **co-supervision of master students**, and the participation in their training. We invite our partners to prepare a PowerPoint presentation of the **research interests** of their colleagues (institution) in the area. One teacher of IPB will do the same on our side. The objective is to know better our research interests and **to promote the matching of co-supervisors for future students in DD at IPB**. Please prepare a PowerPoint presentation of 5-10 minutes (one for each institution/area).

16-17th May Seminars

The teachers who will come with an Erasmus STA grant are invited to talk about a topic of his/her interest, to be included in the **DD master students' timetables**. The seminar will also be open to IPB researchers and teachers. The seminar should have a duration of a maximum of 45 minutes, followed by 15 minutes for questions.
